LEARNING OBJECTIVES

- Understand grief and mourning, and factors that complicate the grief process
- Identify the processes necessary for assimilation and accommodation of loss
- Understand attachment theory and its relation to grief and mourning
- Understand how to integrate EMDR therapy into a treatment framework for grief and loss

Criteria:

A) 4-year Basic Degree in Psychology, Counselling, or Social Work, or 2-year Master's Degree in Psychiatry, Psychology, Counselling or Social Work; and

B) Minimum 2 years of full-time supervised clinical experience or full membership/registered psychologist with SPS; ordinary membership/RSW with SASW; CMSAC/RC with SAC

Shortlisted registrants will be offered a place in the training. After which, registration is confirmed upon receiving payment. Please note that there is no refund of payment for withdrawal from training.

About the trainer :

Dr. Roger Solomon is a psychologist specializing in the areas of trauma and grief. He is the Director of Training at EMDR Institute and teaches EMDR internationally. He is a consultant with the US Senate, providing direct services (including EMDR) through the in-house Senate Employee Assistance Program. Dr. Solomon has provided consultation and direct services to law enforcement agencies, including the FBI, Secret Service, and Polizia di Stato in Italy, and has worked extensively with families of police officers killed in the line of duty. Dr. Solomon has extensively collaborated with Onno van der Hart (Senior author of "The Haunted Self"), and is part of an international team that has written articles on utilization of EMDR therapy with complex trauma. He is a visiting professor with Salesiana University in Rome, Italy and is a consultant with psychology programs for La Sapienza (University of Rome) in Rome. He has authored or coauthored 45 articles and book chapters pertaining to EMDR therapy, grief, complex trauma, acute trauma and law enforcement stress.
